OF YOUR BIRD**

BOT

BIOMARK ORGANIC TRACEMIN

EACH KG CONTAINS

Copper (as Copper Glycinate)	10 g
Iron (as Iron Glycinate)	30 g
Iodine (as Iodine Glycinate)	04 g
Zinc (as Zinc Glycinate)	50 g
Manganese (as Manganese Glycinate)	60 g
Chromium (as Chromium Glycinate)	400 mg
Selenium (as Sodium selenite)	500 mg

Calcium 60 g *
Potassium 17 g *
(* Available in Marine Algae)

The only combination of
**Chelated trace minerals +
Nutrient rich marine algae**
for desired growth and maximum performance.

- BOT is a unique combination of chelated minerals and natural marine algae which provides an advantage over use of other traditional trace minerals.
- This unique combination provides superior delivery system and better bio-availability. This helps in healthy growth and improved performance.
- Provides the desired amount of Chelated Minerals, Vitamins, Amino acids and other natural bio-available nutrients which makes it a better choice than any other trace mineral.

BENEFITS

- Superior Balancing of Metabolic and Enzymatic Reactions that helps maintain healthy growth and improves performance.

FOR BREEDER

- BOT aids in reproductive functions, with better fertility, hatchability and egg shell thickness.

FOR BROILER

- BOT brings faster Weight Gain, with better body score & meat quality.

FOR LAYER

- Use of BOT results in higher productivity of the bird and improves the quality of eggs.
